This month's **Guitar** Technique Tip of the Month is about **Practice Routines**. **Practice routines** are important. A **practice routine** is a habit that determines your progress. A good **practice routine** can make your abilities as a guitarist grow very quickly. A bad **routine** will result in slow growth and little improvement.

13. The guitar technique book

The **key** purpose of a warm-up exercise is in my opinion to stretch the fingers a little. It's important to do something simple (like walking / light jogging) before the real work-out starts, and not do something difficult as the warm-up. This easy little stretching exercise should be easy to remember. It starts with a Gmaj7 chord.
